

Sandra Stevanović

Student at the Faculty of Security Studies, University of Belgrade

Sandra Stevanović is an undergraduate student at the Faculty of Security Studies, University of Belgrade, where she has acquired multidisciplinary knowledge that has enabled her to develop an analytical way of thinking and the ability to react quickly and effectively in various situations. Since 2023, she has been focusing on topics related to risk analysis and crisis management. She completed crisis management training within the Center for Risk Analysis and Crisis Management and is currently engaged in designing and organizing webinars that connect experts and interested stakeholders, facilitating knowledge exchange on current topics. As a member of the organizing committee, she participated in the implementation of the international conference CIS-AI Nexus: The Impact of Artificial Intelligence on Critical Infrastructures. As the HR Lead of the Google Developer Student Club, Sandra analyzed team needs and members; skills, designed and conducted training sessions, and led an interactive workshop at the Science and Technology Park in Novi Sad. Through these activities, she developed leadership skills and the ability to adapt to different target groups. She regularly attends conferences and professional training programs, with the most recent being the workshop Coaching as a Leadership Style, reflecting her dedication to both professional and personal development. Driven by curiosity and a desire for continuous improvement, Sandra is further educating herself in the fields of cybersecurity and crisis management, consistently expanding her knowledge and skills in these crucial and promising areas.

Sandra Stevanović

Student Fakulteta Bezbednosti, Univerzitet u Beogradu

Sandra Stevanović je studentkinja osnovnih akademskih studija na Fakultetu bezbednosti Univerziteta u Beogradu, gde je stekla multidisciplinarna znanja koja su joj omogućila da razvije analitički način razmišljanja i sposobnost brzog i efikasnog reagovanja u različitim situacijama. Od 2023. godine fokusira se na teme analize rizika i upravljanja krizama. Završila je obuku iz kriznog menadžmenta u okviru Centra za analizu rizika i upravljanje krizama i trenutno je angažovana na osmišljavanju i organizaciji vebinara koji povezuju stručnjake i zainteresovane učesnike, omogućavajući razmenu znanja o aktuelnim temama. Kao član organizacionog odbora, učestvovala je u realizaciji međunarodne konferencije CIS-AI Nexus: Uticaj veštačke inteligencije na kritične infrastrukture. Kao HR Lead Google Developer Student Cluba, Sandra je analizirala potrebe tima i veštine članova, osmislila i realizovala treninge, kao i interaktivnu radionicu u Naučno-tehnološkom parku u Novom Sadu. Kroz ove aktivnosti razvila je liderske veštine i sposobnost prilagođavanja različitim ciljnim grupama. Redovno prisustvuje konferencijama i stručnim obukama, a jedna od najnovijih je radionica Koučing stil rukovođenja, što pokazuje njenu posvećenost profesionalnom i ličnom razvoju. Vođena radoznalošću i željom za stalnim usavršavanjem, Sandra nastavlja da se edukuje u oblastima sajber bezbednosti i kriznog menadžmenta, kontinuirano proširujući svoja znanja i veštine u ovim ključnim i perspektivnim oblastima.
